Date of Event	31.3.21

It is a contest (or a challenge) to bring a change in society, it can't be made possible without you. Why should we start from society? Why not from your street? Why not from your home? Why not from your room. In our home, we come across many things, from sitting in a chair & reading the newspaper in the morning and lying-in bed & writing diaries at night. Here we can see some devices that help us to fulfil our duties, like a chair that we sit for reading a paper, studying the subject, playing video games, and many more, light which lights all your day, fan, AC which helps you maintain your surrounding temperature, and many more.

WE INVITE YOU TO TAKE UP THE

# Home SMART HOME

Date of Event	12.6.21
Timing	4:00 to 5:00 pm

Today due to high internet penetration, cybersecurity is one of the biggest needs of the world, as cybersecurity threats are very dangerous to the country's security. Security has become a necessity nowadays. Rather than fearing or ignoring cyber attacks, it is essential for us to know about the cyber resilience to them. The increasing use of the internet and social media has made cyber security even more important than it was before. Hence the knowledge of Cyber security is crucial in today's world. The Masoom vertical of YUVA RIT proudly presents a special webinar on "CYBER SECURITY". This session has enlightened the participants about the need of cyber related issues in society and its awareness protocol to be followed to safe guard from hackers.
