Sub: Submission of the feedback analysis report on design and review of syllabus from 2nd, 3rd, 4th year students of Computer Science and Engineering for the academic year 2020-2021 - Reg

Respected Sir,

With reference to the above mentioned subject our college has received feedback on design and review of curriculum from 2nd, 3rd, 4th year students of Computer Science and Engineering. The analysis reports of the same are as follows.

Students suggested that

1. The course objective is not clear
2. The content will not help for their higher education or employment.
3. The syllabus is not related to real world problems.
4. The syllabus does not cover industry standard and they suggest need to include more industry related topics.
5. The text and Reference books prescribed in the syllabus are not standard in some subjects.

Thanking you,

Jmmy
